

## Position Announcement

### Post-Doctoral Fellowship and Graduate Research Assistant Opportunities

#### Composites Center & Foundry Laboratory

#### College of Engineering & Applied Science

#### Department of Materials

The Department of Materials at the University of Wisconsin-Milwaukee is offering **post-doctoral fellowships** and **Graduate Research Assistantships** in its Composites Center & Foundry Laboratory.

You will have the opportunity to work with world-class faculty on a wide range of materials science topics:

- Solidification processing
- Direct metal deposition (including LENS)
- Rapid manufacturing
- Synthesizing and characterizing metal matrix micro- and nano-composites
- Self-healing materials
- Self-lubricating materials
- Energy-absorbing materials
- Structure design of lightweight cast materials
- Continuous fiber (including 3D woven) reinforced metal matrix composites

Start date and duration of awards are negotiable.

**Review of applications will begin immediately**, and continue until the positions are filled.

**To Apply:** Send a cover letter, resume, and names of three professional references to:

**Dr. Pradeep Rohatgi**
