

Abstract submissions for
oral presentations
and posters

Due March 31st,
2023

Penn State University's
Student Association of Environmental
Science and Engineering presents

25th Annual Environmental Chemistry and Microbiology Student Symposium

April 14th and 15th, 2023

Kappe Lecture (Evening) – April 14th

Dr. Ryan C. Sullivan
Department of Chemistry and Mechanical Engineering
Carnegie Mellon University
**Title: Aerosols as Catalytic Microreactors: From Making
Air Pollution and Clouds Rain, to a Sustainable Solution
for Micropollutant Remediation**

Keynote Speaker (Morning) – April 15th

Dr. Austin Gray
Department of Biological Sciences
Virginia Tech
**Title: Emerging Contaminants as Agents of
Global Change**

Keynote Speaker (Afternoon) – April 15th

Dr. Kimberley Thomas
Department of Geography and Urban Studies
Temple University
Title: Engineering Environmental Justice

Keynote Speaker (Evening) – April 15th

Dr. Eve-Lyn Hinckley
Department of Ecology and Evolutionary Biology
University of Colorado, Boulder
**Title: Human-Sulfur Manipulation in the 21st century:
Changing Patterns, Processes, and Consequences**

PennState
