

# Women Scientists in Academia

**What does it take to build a successful career and life as a female scientist?  
What does it take to become an accomplished, professional scientist or engineer?  
What challenges have female scientists faced and overcome in their careers?**

Join us virtually for a facilitated panel discussion about female scientist in academia to discuss:

- Various career paths and opportunities
- Strategies to overcome challenges
- Work/life balance

Panelists include:

**Joan M. Redwing**

Professor of Materials Science and Engineering and Electrical Engineering; Director of 2D Crystal Consortium

**Jun Zhu**

Professor of Physics; Fellow of the American Physical Society

**Allison Beese**

Associate Professor of Materials Science and Engineering and Mechanical Engineering

Zoom information was sent to emails @psu.edu or register at  
[matse.psu.edu/WSA](https://matse.psu.edu/WSA)

**Monday, May 24 at 12 p.m.**
